- In the first half of 2023, the revenue of VK's key "Social networks & content services" segment increased by 40% YoY to RUB 45 bn. The segment's EBITDA margin in the reporting period was 20%. The following were the primary drivers of segment revenue growth:
 - The growth of the VKontakte social network, VK's biggest asset. Its average MAU in Russia in Q2 2023 increased by 12% YoY to 84.6 mn users, while DAU grew by 10% YoY to a 54.2 mn users². Audience and engagement growth led to a 27% YoY increase in VKontakte's revenue in the first half of 2023.
 - The acquisition of **the Dzen platform** in September 2022. The DAU of Dzen in Q2 2023 reached 32 mn users.
- In the first half of 2023, the "EdTech" segment revenue grew by 28% YoY to RUB 7 bn. Revenue growth in the segment was driven by increased demand for educational platform courses and the consolidation of the online platform for schoolchildren Uchi.ru since February 17, 2023. In the first six months of 2023, 73,000 new paying students joined Skillbox Holding Limited's educational platforms. In Q2 2023, Uchi.ru's average MAU reached 2.8 mn people. The segment broke even in terms of EBITDA in the first half of 2023, with the margin improving by 3.5 p.p. YoY.
- In the first half of 2023, the revenue of the "VK Tech" segment increased by 64% YoY to RUB 3 bn. The solutions of the VK Cloud platform and VK WorkSpace communication services were the primary drivers of the segment's growth. In the first half of 2023, the segment's EBITDA margin grew by 26 p.p. YoY to 6%.
- The "New business lines" segment is in an active investment phase. It includes products and services such as VK Play gaming platform, RuStore application store, and voice technologies, among other products. At the end of June 2023, more than 22 mn accounts had been registered on VK Play, and the project's average MAU exceeded 11.5 mn users in Q2 2023. The average MAU of RuStore in Q2 2023 was more than 10 mn users.³ In the first six months of 2023, VK sold 2.2-fold more smart devices to end consumers than in the same period in 2022.

The revenue of the "Social networks & content services" segment in the first half of 2023 increased by 40% YoY, reaching RUB 45 bn. The growth in online advertising revenue was the primary driver of the revenue growth. VKontakte revenue growth, in particular, reached 27% YoY. The segment's revenue incorporates the revenue of the Dzen and News projects since their consolidation in September 2022. The segment's active product development, aiming at boosting audience growth and involvement, resulted in an increase in staff and marketing expenditures, and the consequent decline in EBITDA.

VKontakte

EBITDA margin

The average VKontakte MAU in Russia in Q2 2023 grew by 12% YoY to 84.6 mn users, while the average DAU in Russia grew by 10% compared to Q2 2022 to reach 54.2 mn users. On average, VKontakte reached 85% of the Russian internet audience monthly in Q2 2023, and the daily reach was 53% of the daily Russian internet audience.⁴

Revenues of creators using VK Donut increased by 116% YoY in Q2 2023 to more than RUB 197 mn.

Total news feed and recommendations feed views climbed by 10% YoY in Q2 2023, owing to the evolution of recommendations and increased audience engagement. Also, as a result of algorithm development, the number of confirmed recommended friend requests increased by 16% according to A/B testing data.

The number of mobile games in the VKontakte catalog rose by 82% YoY in June 2023, while revenue from in-game purchases on mobile devices increased by 46% YoY in Q2 2023.

communities increased by 25% YoY. In the first half of 2023, the growth reached 39% YoY. At the end of Q2 2023, OK launched an initiative for bloggers that allows them to release their own shows on the platform.

OK continues to expand its own lineup of shows about popular Russian hobbies. In Q2 2023, OK launched a series of projects that will be released over the summer season. More than 50 episodes for seven shows about traveling, pets, cooking, and outdoor recreation were filmed in total.

In Q2 2023, OK ended airing its first hobby show "OKnutye Lyudi" ("OK People") as part of the new positioning of the social network, which received over 90 mn views on the social network. Its success on the platform led to a collaboration with CTC TV channel, one of the country's leading television networks. OK signed an agreement with CTC to air the show, allowing the social network to expand its project's reach and attract new audience. CTC also acquired the broadcast rights to the original OK series "5+".

Dzen

Dzen platform daily audience in Q2 2023 amounted to 32 mn users.⁶ The platform launched eight originals in the spring of 2023 to coincide with the debut of a new advertising campaign for Dzen. Famous bloggers became the creators and hosts of these shows on their channels. The exclusive shows received over 40 mn views in Q2 2023.

Dzen launched additional product opportunities for its mobile app users in Q2 2023, including background listening mode – now users can listen to any horizontal video on the platform even when the smartphone screen is switched off. Furthermore, the Dzen video player now supports AirPlay and Chromecast, allowing users to effortlessly connect mobile devices to their TVs and enjoy films from Dzen authors on a larger screen.

Mail.ru email

Mail.ru average MAU reached 48.9 mn people in Q2 2023, while average DAU amounted to 16.4 mn.⁷ Mail.ru revenue in Q2 2023 rose by 65% YoY to RUB 932 mn thanks to updates in the advertising formats, adding new ad sources, and optimizing settings to improve their effectiveness for advertisers.

Mail.ru email service launched a beta version of the new Notes service on May 2023. Users will be able to use it to edit text, make lists, and focus on their tasks. Smart algorithms have made it possible to repeatedly remind users via push notifications about essential emails if they have not read them. Furthermore, Mail.ru smart calendar underwent a number of updates, including a new simple widget for users, automatic new events from emails, crucial reminders, subscription payment alerts, and the option to attach files to events. The Mail.ru home page and Calendar added the dark theme option in Q2 2023.

Mail.ru Cloud

Mail.ru Cloud average MAU in Q2 2023 amounted to 22 mn people, and the average DAU – to 2.4 mn.⁸ In total, 8 bn files were uploaded to the Cloud in Q2 2023.

In Q2 2023, Mail.ru services launched a single Mail Space subscription that integrates Cloud and Mail. Also, in that period, smart algorithms in charge of selecting stories from user images in the Cloud received a technical update. Cloud application now has new scenarios used to form thematic photo galleries.

VK Video, views +14% YoY

VK Video

VK Video average daily views (not including VK Clips) reached 1.91 bn in Q2 2023, up by +14% YoY, thanks in part to improved recommendation algorithms – views for the main video page increased by 38% YoY in Q2 2023.

In Q2 2023, the platform continued to add professional content, including exclusive one. In May, VK Video debuted mini-series from the French company Studio+, as well as premieres of popular K-dramas.

In June 2023, the platform received access to exclusive releases from Medium Quality, the largest producer of entertainment shows. In Q2 2023, new season of the show "What happened next?" was released on VK Video, with its first episode scoring 88 mn views and around 870 thousand reactions (likes and comments) as of the end of the quarter.

At the end of May 2023, VK Video introduced a range of exclusive VK Video Originals content. The following shows debuted on the platform: By the Way, Session, Office Games, as well as an exclusive relaunch of popular projects LAB with Anton Belyaev and Party at Margulis.

In Q2 2023, VK Video also released a beta version of the Android OS app. VK Video's mobile web edition now has an improved recommendation page, enhanced search, and an upgraded player.

VK Clips

Daily views of VK Clips in Q2 2023 increased by 36% YoY to 935 mn. Time spent for VK Clips in Q2 2023 increased by 86% YoY in part due to the new recommendation system. The number of published clips increased by 65% YoY, while the number of content creators increased by 58%.

VK Clips launched a new video editor in Q2 2023, adding flexible color correction controls, the ability to add stills to movies, sound effects, editorial playlists, and the ability to extract audio from videos. In addition, VK Clips introduced an "experience constructor": a new suggestions concept based on machine learning algorithms that assists in the selection of short videos based on the viewer's mood. Furthermore, VK Clips launched a neural network with an inappropriate content filter to protect users from comment spam and harmful links. In Q2 2023, a section featuring VK Clips became available to all OK app users.

VK Music

Average global MAU for VK Music stood at 44 mn in Q2 2023, while in Russia average MAU amounted to 40 mn users. Subscriber base growth in June 2023 was 68% YoY.

In Q2 2023, VK Music introduced radio stations streaming on the VKontakte social network on mobile devices, as well as a mobile VK Music Studio. The company also continued to develop the service in CIS countries, with users in Armenia, Kazakhstan, Uzbekistan, Azerbaijan, and Belarus now having access to local music charts on VK Music. In April 2023, a campaign was launched in Russia and CIS countries to motivate new users to subscribe to the service by offering three months of free music access.

VK Messenger

The average MAU of VK Messenger in Q2 2023 grew by 2% YoY to 67 mn users. The number of installations of VK Messenger standalone app reached around 12.5 mn by the end of June.

VK Messenger introduced dynamic reactions in chats and video message transcription into text in Q2 2023. Group conversations now have an avatar generator and the ability to check who has read sent messages. In addition, users now have access to the web version of the service (web.vk.me), and calls to an infinite number of participants are now available via the VK Messenger desktop app.

VK Calls

VK Calls, a free video conferencing platform, has added a session room option: during a conference, participants can be divided into groups to work in a smaller circle. The service allows to create up to 50 rooms in a single call, with no limit on the number of participants in each room. The web version of VK Calls now supports animated vmoji: users can login to meetings with personal avatars without turning on the camera's video. Several shows premiered on the platform using the co-watching function. VK Calls, for example, aired the first episode of the series "Mystery of the Missing Village" in collaboration with streaming service Ivi. The first episode garnered more than 1.6 mn views in one day.

OPERATING SEGMENTS

- Social networks & content services
- EdTech
- VK Tech
- New business lines
- Non-allocated costs

The "Social networks & content services" segment includes the social network VKontakte, Odnoklassniki, My World and generates revenue from (1) commissions from application developers based on the respective applications' revenue, (2) user payments for virtual gifts, stickers and music subscriptions, and (3) the placement of online advertising. This segment also includes News and Zen platform (hereinafter – "Zen.Platform", News and "Zen.Platform" consolidated from September 2022), email service Mail.ru, as well as VK Music, VK Calls and VK Videos projects. The main share of revenue of content services is generated from the placement of online advertising.

The "EdTech" segment includes the Group's online education platforms with educational courses and programs (such as GeekBrains, Skillbox, Skillfactory, Uchi.ru (consolidated from February 2023), and earns substantially all revenue from individuals paying for education courses, as well as a small share of the B2B segment.

The "VK Tech" segment includes VK Cloud platforms and data management solutions, corporate communication services, tax monitoring platform, and other corporate software.

The "New business lines" segment represents separate operating segments aggregated into one reportable segment because of their similar nature of newly acquired or newly launched and dynamically developing businesses. This segment consists primarily of Youla classifieds, which derives substantially all of its revenues consists of fees for placing and promoting user advertising, as well as displaying advertising, the VK Play gaming platform, the Marusia voice assistant and VK Capsule smart speakers, and the RuStore app store for mobile devices.

The Group measures performance of its operating segments through a measure of earnings before interest, tax, depreciation and amortisation (adjusted EBITDA). Segment adjusted EBITDA is calculated as revenue of the respective segment net of operating expenses (excluding depreciation, amortization, impairment of intangible assets and share-based payments), but adjusted for the Group's corporate expenses allocated to the respective segment.
