Dear all,

We bring to your attention a regular review of the latest news and other important events around VK. Feel free to reach out, if you have any follow-up questions.

With best regards, VK IR team

**Social networks and content services:**

- VK Video platform is now available on Hisense TVs with VIDAA OS.
- OK made a documentary film about the development of authors on the platform.
- Cloud Mail.ru increased the number of stories - memories generated by ML based on uploaded photos of users – up to 3 bn over 2023.

**VK Tech:**

- VK Cloud opens access to Cloud Spark, a big data service based on Apache Spark and Kubernetes technologies. With its help, businesses can structure data from disparate sources to create analytical and predictive systems, as well as machine learning models.

**ESG:**

- VK and the Lenin Russian State Library launched the educational project "How to Protect Yourself Online".
- The National Research University Higher School of Economics, together with VKontakte, is launching a pilot project for issuing NFT diplomas.
